Ziyue Ge (葛子越)

✉ geziyue23@stu.pku.edu.cn

I'm now a junior student in Turing Class, an honors program of computer science founded by School of Electronics Engineering and Computer Science (EECS) at Peking University (PKU).

I'm interested in many fields of computer science, including computer systems, LLMs and the intersection of AI and logic.

🎓 EDUCATION

2023.09 – present	**Peking University · EECS · Computer Science**
	Participated in the Logic Minor Program in the Department of Philosophy at Peking University
	GPA: 3.72 / 4.0
	Major GPA: 3.80 / 4.0

💼 WORKING EXPERIENCE

2025.06 – 2025.10	**MiniMax · LLM Research Intern**
	Mainly participated in pretraining and CPT data construction. I was also deeply honored to work with Prof. Wenhu Chen on an agentic data synthesis research project.

🏫 TEACHING EXPERIENCE

Fall 2025	**Peking University · Teaching Assistant**
	for *Introduction to Computer Systems*, a course for all sophomore CS students about the basic knowledge of computer systems

🔧 PROFESSIONAL SKILLS

I am familiar with C/C++, Rust, Python and Haskell

I am familiar with Linux, and have written a simple OS kernel in Rust as the homework of the operating system course

I can use basic programming tools like Git and Docker

I am familiar with formal verification and can use languages like Lean and Coq

🏅 HONORS AND AWARDS

The 2024 ICPC Asia Hong Kong Regional Contest	**Gold Medal (1st place)**	December 2024
The 2024 ICPC Asia Kunming Regional Contest	**Gold Medal (4th place)**	December 2024
John Hopcroft Scholarship		2024
Chinese National Olympiad in Informatics	**Gold Medal (top 50 in China)**	August 2022
